Kraków 15.05.2008

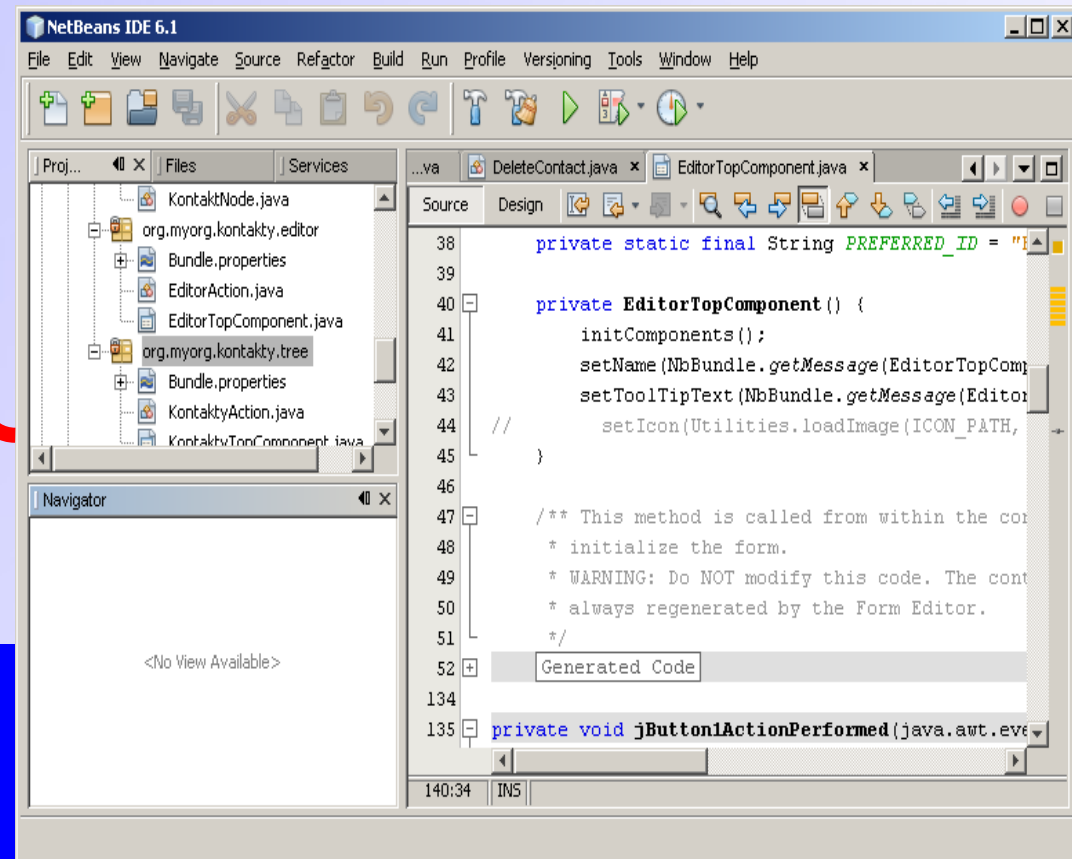

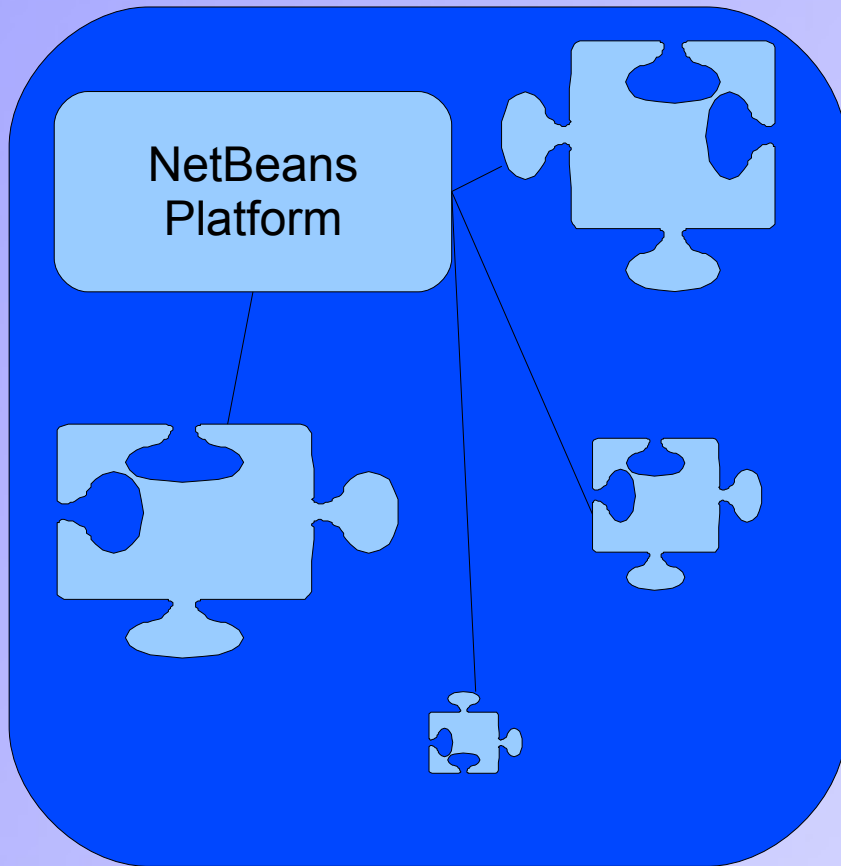

Plan prezentacji

Podstawowe pojęcia

Prosta aplikacja

Visual Library

Go to jest NetBeans Platform

API NetBeans Platform

Actions

JavaHelp Integration

Auto Update Services

Nodes

Dialogs

Utilities

Explorer & Property Sheet

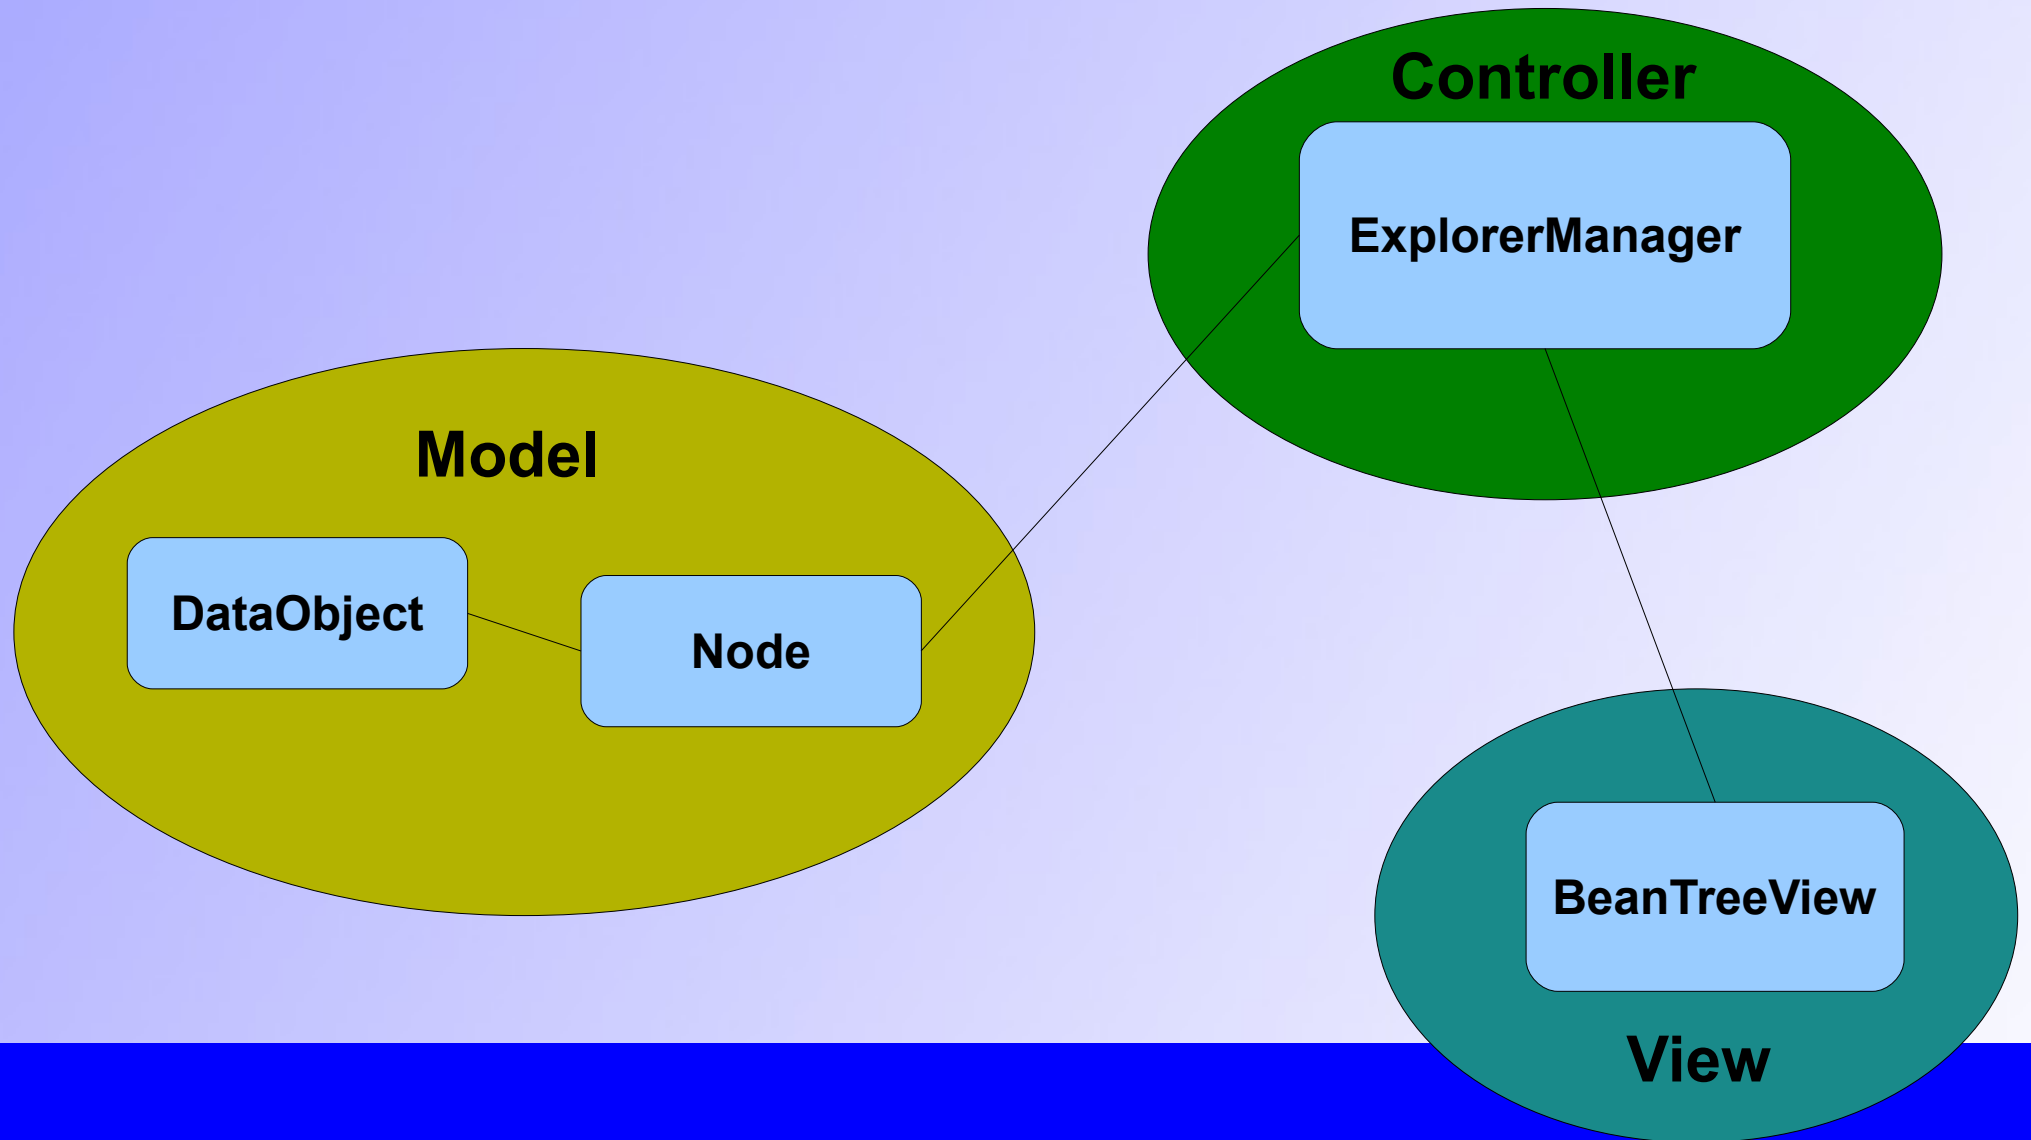

Visual Library

File System

Options Dialog

I/O

DataObject, Node, ExplorerManager

Zabieramy się za kodowanie

I to by było na tyle
